INVISIBLE  
GRINDING AND  
POLISHING WHEEL

Type 29

# Invisible Grinding and Polishing Wheels

- Continuous view of the workpiece
- Cool grinding thanks to 3 slots in the wheel
- Grinding and polishing in one action
- Long life
- Low vibrations; comfortable grinding
- Uniquely patterned face prevents loading

## Flexovit Mega-View

The Flexovit Mega-View grinding and polishing wheel has a unique benefit; it allows you to see the immediate results of your grinding or polishing actions. Three slots in the wheel make the workpiece visible while you work.

The conic wheelshape covers a large grinding area and the patterned surface of the wheel guarantees cool cutting, comfortable working and a smooth finish.

Product code	Order code	Dimensions	Specification	Grain	EAN-Code	
V8252	66252828974	115x4,0x22,2	A 36 T-BF29 Mega-View	36	8711479358487	20

The personal safety of workers using abrasive cutting and grinding wheels is the primary concern of Flexovit and Saint-Gobain Abrasives. All Flexovit abrasive wheels are developed, manufactured and safety tested in accordance with the European standard Fepa "EN12413 - Safety requirements for bonded abrasive products". In addition, all Flexovit products meet the strict requirements of the international safety organisation oSa. Saint-Gobain Abrasives has an ISO 9001 certified quality management system and an ISO 14001 certified environmental management system.
